Lorena, thanks for the petitions this morning. I have the petition tally at 16.74% now.

Question on the Nash-Holland petition: the County shows the owner as Omninet San Pedro LLC. Was there a recent owner change that isn't yet reflected in the County database? If so, I'll need some documentation to be able to include this petition in the tally.

A note about the Oban Renaissance LLC petition: the assessment for parcel 7455-004-010 was updated subsequent to my final data review and my final review of the MDP & ER. Per Lorena's contact with the stakeholder in Dec 2016 and confirmed by research, the building burned down in 2015. The assessment was not corrected in your copy of the renewal data, since you still have the old total asmt of \$3,562.46 on the petition. I corrected my copy of the data to reflect the revised total of \$1,492.71. The petition is still acceptable as is because the value on it is greater than the actual amount to be assessed, but the MDP & ER are still incorrect.

Lorena & Ed, let me know what your thoughts are on these issues.
